Embrace Innovation Today to Prepare for Tomorrow

303

With the possibilities and challenges rising from the notable shift and demand toward profitability, transparency and consumerism the struggle to innovate and remain competitive requires providers to rethink how they are structured and examine how tools and technology can enable them to succeed.

18

At nThrive, innovation is in our DNA. We continue to pioneer cutting-edge solutions that help providers re-engineer their revenue cycle to drive sustainable financial improvements and positively impact the communities they serve.

We'd love to meet you during the HFMA Annual Conference.

303

Schedule a booth appointment today to discuss with one of our experts how nThrive's innovative solutions are helping providers transform their revenue cycle by reduced errors, recovered revenue and increased productivity through:

18

- ✓ Financial clearance and price transparency solutions – to collect more dollars upfront and to create self-serve estimates online for common procedures
- ✓ Revenue cycle analytics – our new end-to-end solution designed to help you see revenue cycle performance across the acute and ambulatory settings like never before
- ✓ Charge integrity solutions – ensure that you capture every appropriate dollar
- ✓ Contract management solutions (Named 2019 KLAS category leader)
- ✓ Denials prevention and management solutions
- ✓ nThrive's exclusive Patient-to-PaymentSM solution

304

While at the HFMA Annual Conference, don't miss breakout session F03 to hear how nThrive and Maricopa Integrated Health System partnered to identify technological advances and imperatives that enabled Maricopa to create a holistic revenue cycle and a best-in-class denials prevention program:

18

"The New Paradigm: Managing and Preventing Denials in a Clinically Driven Revenue Cycle"

Tuesday, June 25, 2:45 – 3:45p

Presented by Kathie Kirkland, director of patient financial services, Maricopa Integrated Health System, and John Hataway, manager of business health solutions, nThrive Advisory Solutions
