206

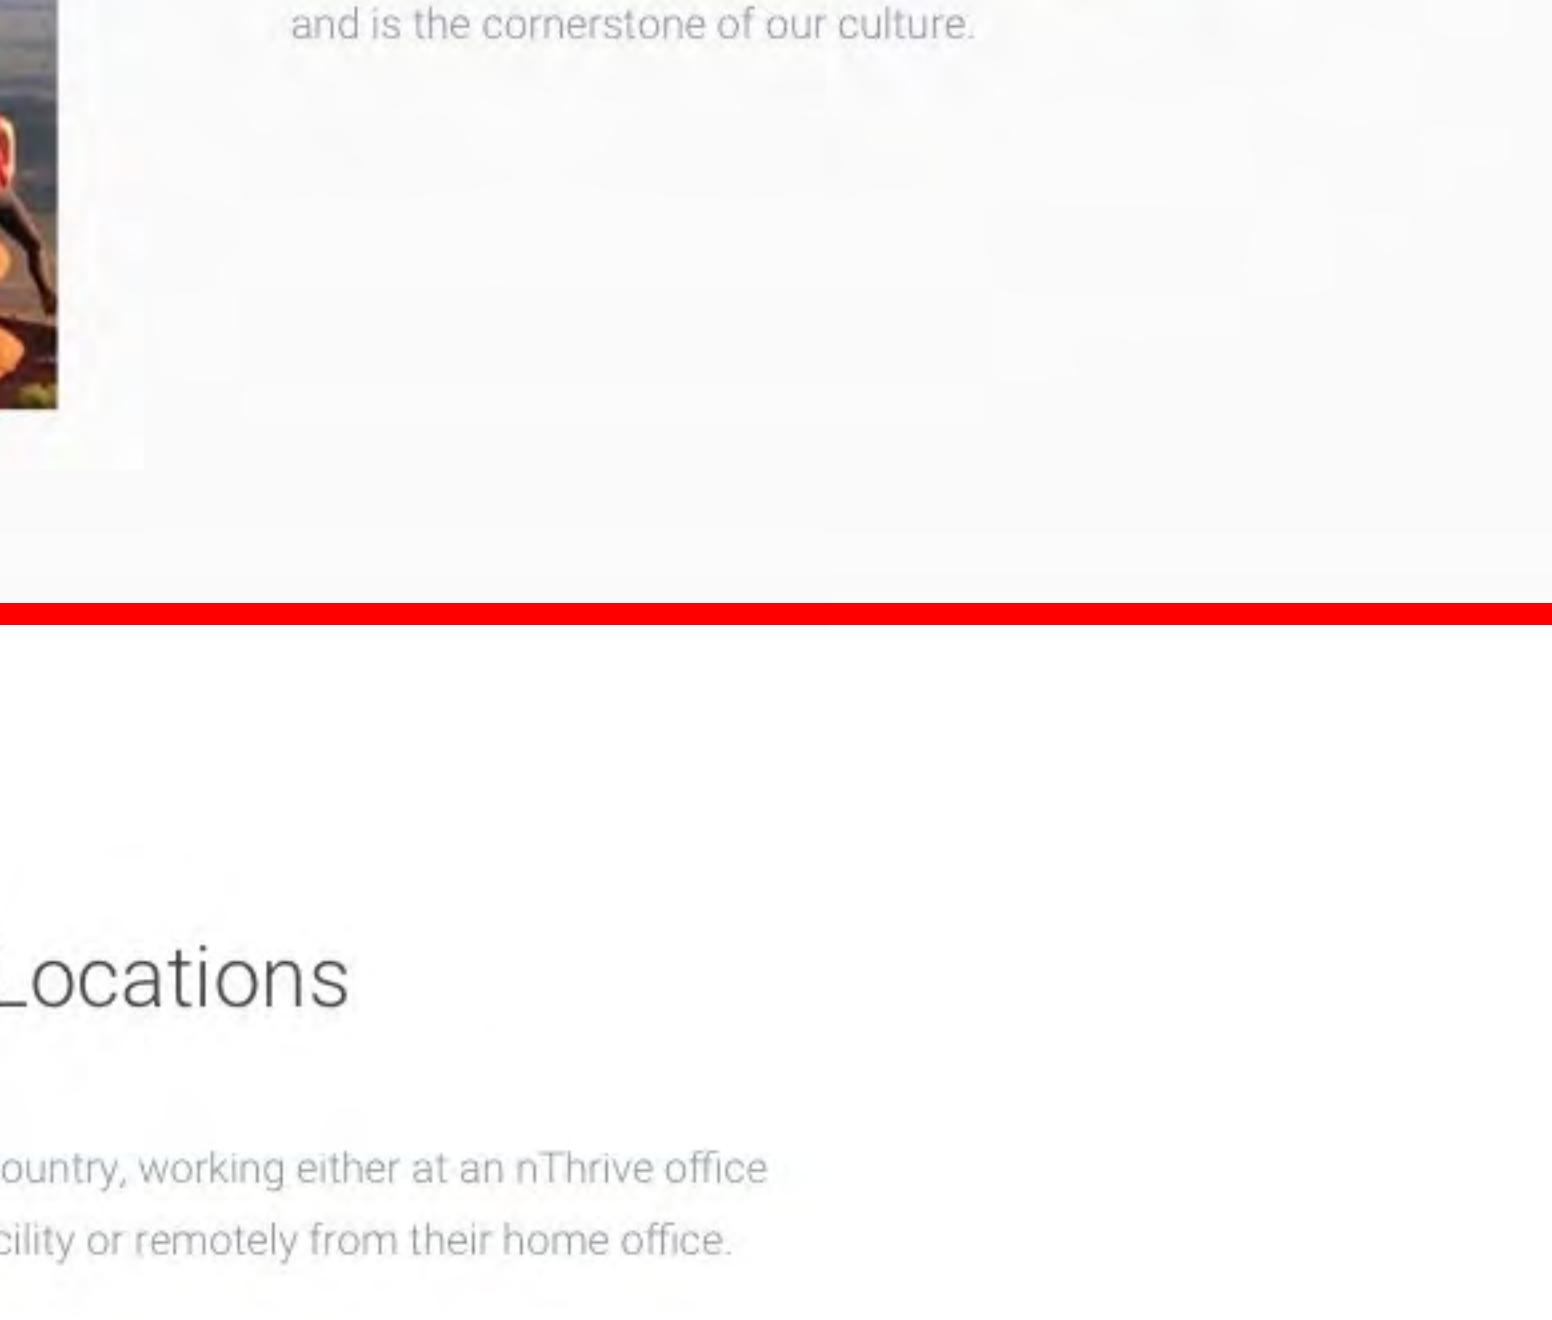

Be inspired

We'll encourage you to think differently, give you the tools you need along the way, and empower you to make a lasting impact that ensures our health care providers, and our world, are healthy and productive.

206

Ignite change

Our colleagues thrive when given the opportunity to excel in an innovative and engaging culture. We appreciate and recognize innovation and reward those who are focused, united, nimble and accountable – all ingredients to accomplish incredible things.

206

Transform health care

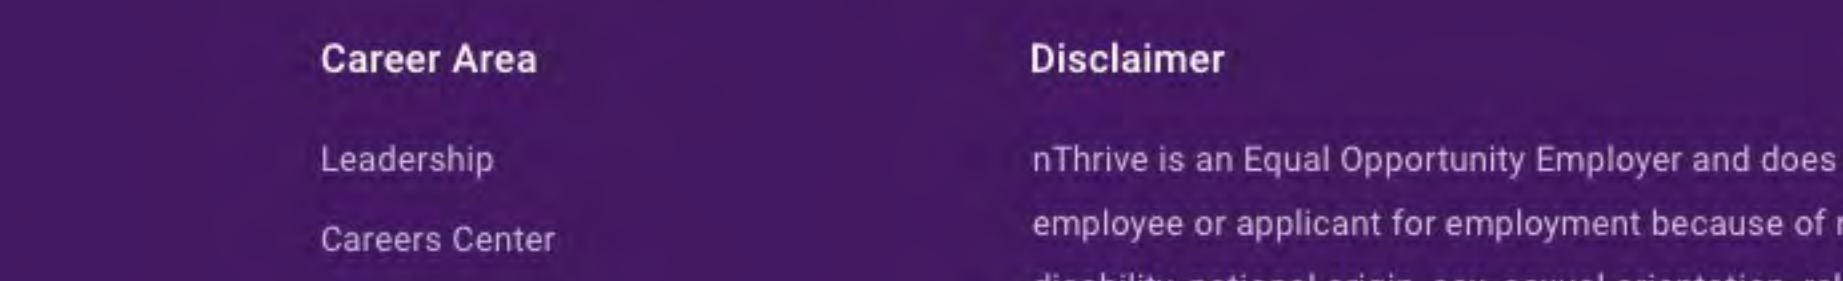

Our colleagues share a united passion to help health care organizations achieve financial stability, which translates to accessible, quality care for all. This passion fuels our drive to innovate and is the cornerstone of our culture.

207

nThrive Locations

Our colleagues are located across the country, working either at an nThrive office location, on-site at a client hospital facility or remotely from their home office.

207

About

nThrive CARES encompasses all of our colleague compassion, community outreach, and our volunteer and charitable giving initiatives. nThrive CARES supports our belief that every one in every community deserves to know that their health, and their lives, are in capable, caring hands.

211

Heart & Soul Volunteer Time

The Heart and Soul program of nThrive CARES is all about giving the gift of time. We offer our colleagues up to five days of paid time off per year to volunteer, which can be applied to any approved charitable program, including international service trips.

207

Wellness & Benefits

nThrive is committed to helping our colleagues and their families enjoy the best possible health and well-being. That's why we offer a competitive and comprehensive benefits package with the flexibility to make the choices that best meet your needs.

Ignite the future of health care

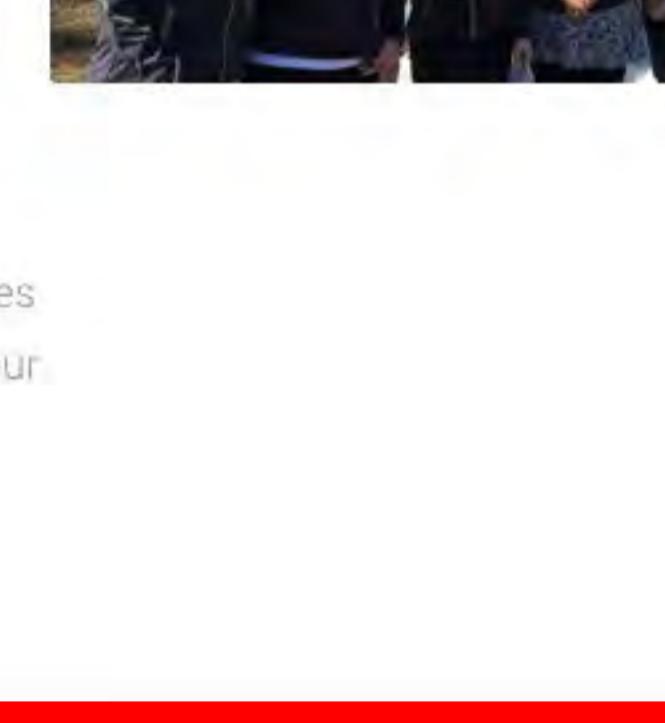

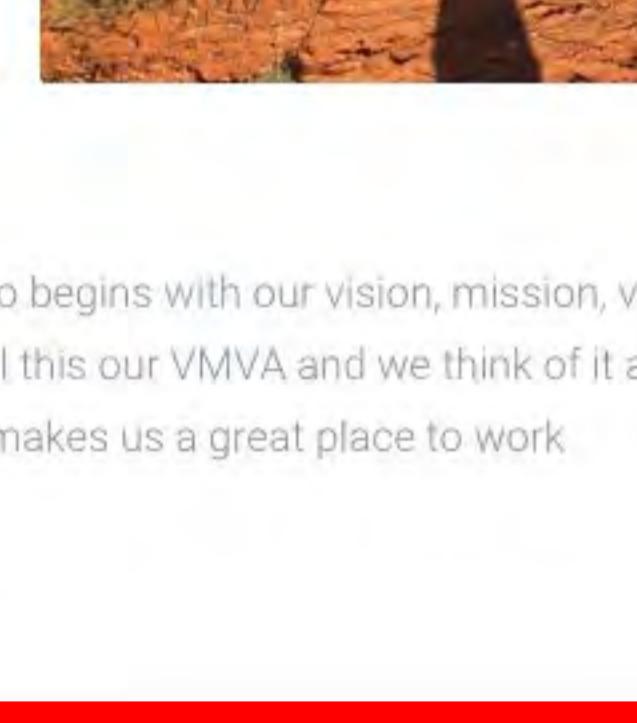

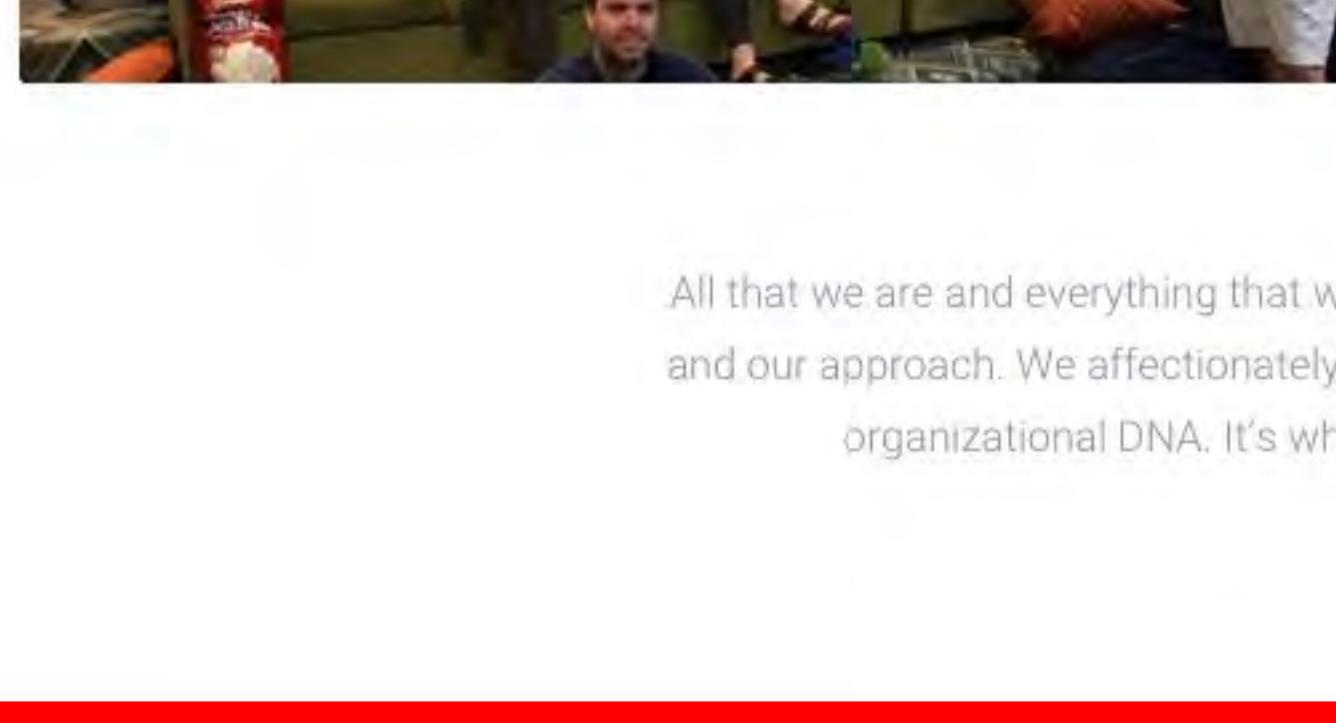

207

Our technology teams are focused on enabling health care of every one in every community through cutting edge technology solutions.

Tech Careers

211

Our Technology Colleagues

All that we are and everything that we do begins with our vision, mission, values and our approach. We affectionately call this our VMVA and we think of it as our organizational DNA. It's what makes us a great place to work.

214

Technology Stories

Innovation

Our nThrive tech colleagues are helping to drive innovation in a fun and inspiring way through participation in regular hackathons, which are sprint-like design events.

Software engineers enjoy these day-long challenges each quarter where they work on a project of their choice to bring innovation to nThrive. The winner receives a trophy with their name on it, which is passed on at every event. The ideas are often put into production, helping to transform health care.
