California-based Health Care System Case Study
303

A California-based health system was not seeing results with its previous claims management vendor, facing a clean claim rate of 81 percent and a rejection rate of 12 percent – metrics well below benchmarks.

Learn how nThrive partnered with this provider to create a rapid implementation plan that achieved a 14 percent improvement in clean claim rate – above Epic's average benchmark – and a 1.44 percent drop in rejection rate.
